ABOUT THE FOUNDER

Dr. Jhouser Jaiitly is an Iconic Personality who has dedicated 24 years in the field of Health, Wellness & Aesthetic Education.

She had started her educational venture in 2005 to provide Specialised Job & Career oriented courses since the last 15 plus years.

The Curriculum & Lectures are designed by her to meet the International Standards & Requirements with the bonus knowledge of Business & Legalities.

Many of IICTN's pass-outs have grown onto becoming Successful Entrepreneurs and established their own Multi-Specialty centres Nationally & Internationally.

The success of IICTN students over the years is the result of the all round efforts of an Expert Faculty, Qualified Team and a Visionary leader.

BEAUTY

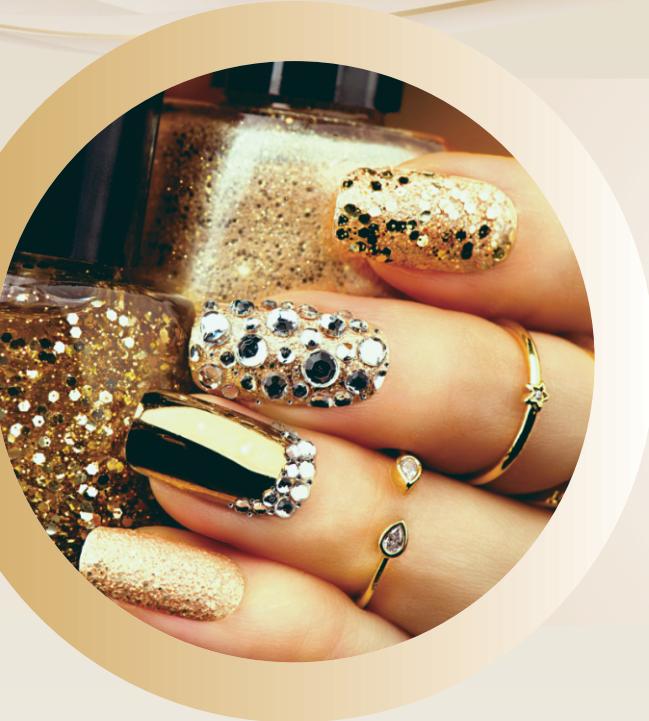

The culture surrounding beauty has been around since the ice age. We've come a long way since oyster shells, bones, sharpened flints were used for styling and cutting hair. This trend has caught fire recently with beauty influencers on social media platforms turning the industry into a lucrative domain.

SCOPE OF

“HEALTH & WELLNESS INDUSTRY”

So far the quality service was limited to 5 star hotels and handful of branded Treatment Centers. This was because the clientele was mainly high net worth people. after the present revolution of look good - feel good factor the demand is multiplied many fold. Unfortunately these are no quality standard and clinics and treatment centers are mushrooming with unhygienic standards and run by persons with no formal certification / education. There is a growing demand at the rate of 20% - 40% for quality education and services in this industry. TKC (The Knowledge Company) study reveals that there are 1.6 million households in India alone with disposable income of more than rupees 4,00,000 per annum to be spent on fashion, lifestyle, services for self and family members. It is because of this that the Cosmetology, Trichology & Slimming Centers as well as every doctor be it BHMS, BAMS, BDS, MDS, MBBS, BUMS, BPT all are in great hurry to enter the market. However, as on today the industry is starved of well trained & certified staff.
